

Student Health doctors are not connected to EPIC, as they are required to have a separate EMR. So they will not receive any Yellow Alert messages through EPIC.

If you need to reach them for Red, Orange, or Yellow alerts please use the following triage algorithm. Additional numbers are listed below if all else fails.

- a) X-ray department in Student Health: 858-534-2559. For non-critical results such as yellow alerts. You can leave a message.
- b) Try webpaging to reach the MD who ordered the study.
- c) If no luck, try Medical Director of Student Health Stacie San Miguel, MD's cell 858-229-7265. She says you can use this number 24/7.
- d) Lead MD of Student Health Joe Behymer MD's cell 858-344-4076.
